SUBJECT: FAK s for 3-Channel Data Reduction Equipment

Dear Sid,

Reference my letter of 16 December 1957, File Nr. 1319, in which proposals were forwarded for FAK lists for the A, B, C and F Racks and the Depot Spares List Y.

During the past two weeks we have received several large shipments of subject FAK's. These shipments contained the items deleted by us in our referenced letter of 16 December 1957. Since we have not received any confirmation of these proposals or that they have actually been incorporated contractually, we know of no other course than to receive and sign for this material.

In a telephone conversation with R & W, Dean stated that he had not received these proposals from Dan. If this is the case, Dean will continue to ship deleted portions of subject FAK's until he is directed otherwise.

We felt that this matter should be brought to your attention.

Sincerely,

25X1A
